Railroads and Common Roads.

many of the most important eastern lines two or wire-pullers and office-seekers scheme and plot as of "more territory," than we have ever noticed among important, in the highest degree, both with respect to three times, and paying some attention to their con- they may.

stopping a day or two in the interior of Massachussetts along the line of railroad from Springfield to

setts along the line of railroad from Springfield to setts along the line of railroad from Springfield to can the whigs reach the "spoils." Suppose he should ded if large acquisitions of territory were not made. Red by it! The Bible teaches that God is the foun- he owes to government,—which is indeed not a little; commonly understood by success in life. But, with Boston,—and that was, the zeal and industry with be elected, and should Tylerize them! They would be elected, and should Tylerize them! which the people were making new common roads have the offices, at least, and that would be some con- fess to support the war, and that it ought to be exercised ac- dience -- this much let him "render to Casar." But, better. Go, then, to the employments in life which leading from towns in the neighborhood of the rail- solation. road. The country is already intersected by so many
roads as to give it somewhat the aspect of a checkerroads as to give it somewhat the aspect of a checkerroads as to give it somewhat the aspect of a checkerparagraph is its concluding allusion " to the extension the spirit of abolitionism. This is deemed necessary ler of the Universe expressed his will, and in refers sible. But what if Carsar should undertake to compel courteous manners. Let your care be to know and board; nevertheless, where a mile or two in distance of the only public moral and political evil of which it to secure the continued co-operation of the abolition of the abolitical evil abolition of the aboliti can be gained, or a better road secured by a new complains." What can our neighbor mean by this! fanatics with the whig party proper. Before travel. Hastings, uses this glowing language: "He have arroute, it is immediately made. This is done too, at The only evil!" That means slavery, we suppose. Ing east, we never heard a man seriously advocate bitrary power! My lords, the East India Company, goods; put him to death; but the Bible gives him sentence I have summed up my parting counsel to you. the expense of the towns or townships immediately interested,—and that is not small, for many of the incorporation of the whole of Mexico into our no arbitrary power to give him; your lordships have showing him a greater: "Fear not them that kill finely set forth in a short extract from "Luther's Tainterested,—and that is not small, for many of the the present administration? It would seem so; and Union; but we can assure our readers that we heard not; nor the commons; nor the whole legislature. The body, but are not able to kill the soul; but rather ble Talk," that I shall quote it in conclusion. One roads are made in the very best and most permanent if so, we have some hopes yet of our neighbor's re- many a respectable man advocate such a measure at We have no arbitrary power to give, because arbitramanner, and are quite equal, when completed, to ordinary Macadamized turnpikes. The expense is deand to acknowledge that the democrats have been idly diffusing itself among the eastern people. A veinteresting of the inhabitants of frayed by taxation of the inhabitants of the towns, right as to the bank, tariff, sub-treasury, internal ry short time will convince any who may suppose us person be governed by the will of another. We are am pleading for is the right—inherent in every citizen the man who dwelt under the shadow of the Almighty, It is in some instances very heavy; but the people cold shoulder to all these, and run with Gen. Taylor stand it and willingly pay twenty to forty cents on upon the new issue of "no more territory," and conthe hundred dollars additional taxes with the certainsequently of no further "extension of the only evil based upon the Sierra Madre chain of mountaine, ideas, and all our sensations, antecedent to our very The military spirit—which is too little influenced by

and Indianapolis line. That is all right. We need more railroads, especially some eligible outlet north
than can be supplied. If this be true, it shows with a religious reverence, I will say with a religious rev wardly, so that we can reach New York next year, led to meet in deadly conflict, an army thus composed, separate. The Mexican leaders have sense enough to a certain extent the eternal law of righteousness. But what are these interests! by way of the New York and Eric railroad, in three fighting for all that can be dear to them !— Indiana to know this, and that is one reason, no doubt, why right is inalienable and cannot be surrendered. But Paley said (playfully) that he could not afford to country, even in Mexico, is dangerous; in some coundays. The country too, from here westward, through Journal, Oct. 22. Illinois to St. Louis, needs, and will pay well for a The Journal lets no occasion slip which gives it a desert. But no American, of course, will agree to always on the side of the Government: and the burden feed in the utilitarian pastures of his philosophy, one not to be mistaken, General Lane has reason to exroad. We must in time also have a direct eastern chance to hanpoon, libel and disgrace our side, and that. road. We must in time also have a direct eastern chance to lampoon, fibel and disgrace our side, and that.

route, either to Cincinnati, Wheeling or Pittsburgh.

The conclusion of a better breed, one that is wagons, and an additional supply of ammunition. In Within ten years, every one of the lines here indica. alluded to, were gulled and scared by the stories told ding paragraph will doubtless prove a severe shock preme law. That no authority can make lawful.— somewhat discriminating in its taste, the mean time he resolves to proceed, and divided his ted, will be built. But that consummation will be by their knavish leaders, and by the paragraphs to the delicate nerves of our patriotic "no more terri- Rather than that let death-let all that human cruelty one that cannot be so tamed as that under the yoke of brigade in the following order: five companies of the delayed or hastened just in proportion as we divide against our soldiers, which the Mexican papers copied tory" neighbor of the Journal : or concentrate our efforts in their favor. We need from American whig journals. They have already There is rising a party in this country in favor of tice in your hearts, my young friends. Worship in it cords of vanity, and sin as it were with a cart rope." entire Ohio regiment, two companies of regular innot say that we believe in well digested plans and discovered that they have been imposed upon; and at acquiring more territory. If the indications of one united concentrated effort. This is the more necessary age are the characteristics of the succeeding age, it is the last accounts from the city of Mexico, those very age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics of the succeeding age, it is the more necessary age are the characteristics and the more necessary age and the more necessary age are the characteristics and the more necessary age and the more neces sary, because we have no surplus capital, and because women had thrown aside their fire-arms, and were is very certain that the love of new territory must be justice more. sary, because we have no surplus capital and because what little we have must needs be kept in active business to be productive. Every man of enlarged views ness to be followed their fire-arms, and were that the love of the believe of the b and who understands any thing of the philosophy of longer feel "humiliation" for the dear women of hal Provinces run from the Atlantic, &c., to the answer this end, they become extinct; they perish; ful citizens to entertain, or be suspected of entertain, or be suspected of entertain eight hundred men, under the command of Major W. business, must be satisfied on a moment's reflection, Mexico. Our soldiers will take better care of them. Western ocean." It was thought then that the Almighty in his wrath destroys them; they desting take place, which business, must be satisfied on a moment's reflection, this Western ocean was much hearer than it proved that if we can secure the construction of the main that he can be satisfied on a moment's reflection, the major will have an opportunity of that if we can secure the construction of the main that now so worstems, lateral and collateral branches of roads will be to do. sure to follow wherever they may be needed. Upon this principle all the railroads of New England have ginally propounded. It is the simple principle of paper, go to Mexico at once and enlist in Riley's propounded. It is the simple principle of paper, go to Mexico at once and enlist in Riley's propounded. It is the simple principle of paper, go to Mexico at once and enlist in Riley's propounded. common interest, common prudence, and common interest of the common prudence in t sense. If these principles had been applied in the case of the Madison and Indianapolis railroad, it would have been completed years ago; and instead of the resulting and expedience both require it a nation. Next day however, being a burden to the State, and literally begging its way along, would have brought to the pockets of our Gen.
